

# Panduan Penggunaan POS Server 0.01

Disusun oleh: Tria Henrico - 451121001

## Tujuan:

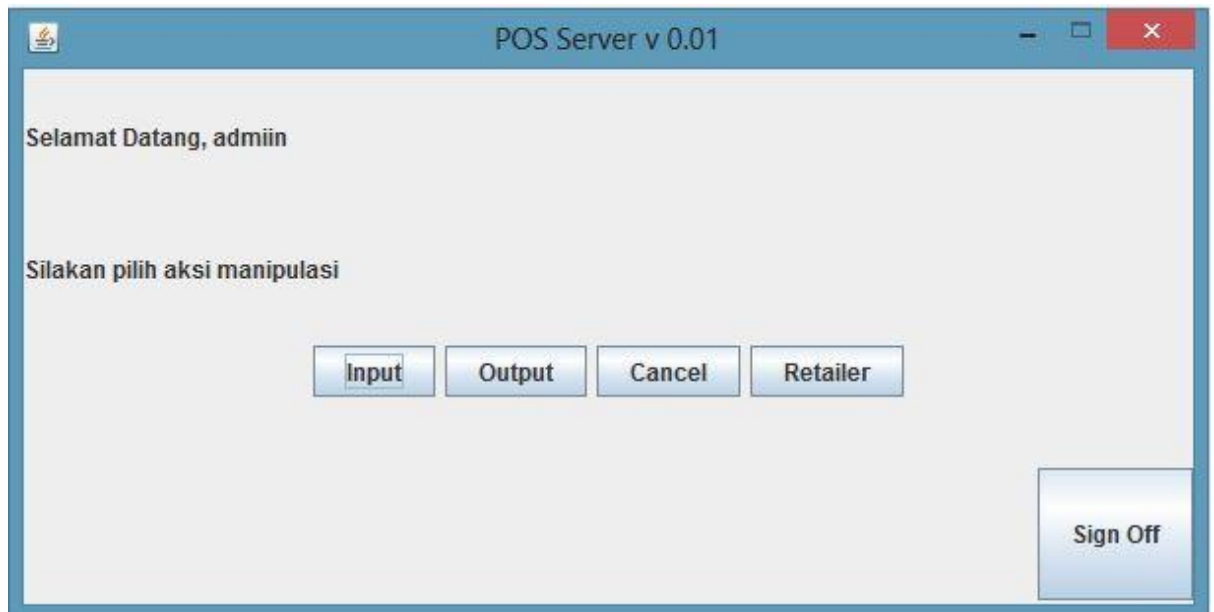

User dapat menambahkan, menghapus, dan mengubah data Barang dan Peritel.

## Langkah:

1. User memasukkan nama pengguna dan password yang sudah ditentukan server, username: admin, pass: halo.

2. Setelah login, admin dapat melakukan manipulasi database.

3. Aksi manipulasi pertama, Input. Disini admin dapat memasukkan data barang yang akan disimpan ke database.

The screenshot shows a window titled "Input Barang". In the top right corner, there is a button labeled "Menu Awal". The form contains the following fields and controls:

- A text input field labeled "Nama Barang".
- A dropdown menu labeled "Jenis Barang" with "Makanan" selected.
- A text input field labeled "Quantity".
- A text input field labeled "Harga Satuan".
- An "Input" button at the bottom.

4. Aksi manipulasi kedua, Output. Disini admin dapat memanipulasi data yang akan dikirim ke retailer/pengecer.

The screenshot shows a window titled "Output Bar...". Inside, there is a form with the following elements:

- Nama Barang**: A dropdown menu with "Sunpride" selected.
- Quantity**: An empty text input field.
- Retailer**: A dropdown menu with "Alfa" selected.
- Buttons**: Two buttons at the bottom, "Terapkan!" and "Menu Awal".

5. Aksi manipulasi ketiga, Cancel. Disini admin dapat menghapus data barang yang ada di database.

The screenshot shows a window titled "Cancel Bar...". Inside, there is a form with the following elements:

- Nama Barang**: A dropdown menu with "Sunpride" selected.
- Buttons**: Two buttons at the bottom, "Terapkan!" and "Menu Awal".

6. Aksi manipulasi keempat, Peritel. Disini admin dapat menambahkan peritel baru, dan penghapusan data peritel yang sudah ada.

The screenshot shows a window titled "Input Barang" with standard Windows window controls (minimize, maximize, close). The main content area is titled "Daftar, serta manipulasi retailer". It contains two input fields: "Nama Retailer" and "Alamat". Below these fields are two buttons: "Tambah Peritel" and "Hapus Peritel yang ada". There is also a section labeled "Atau" followed by a dropdown menu currently showing "Alfa". At the bottom right of the window is a "Kembali" button.
